

Rebuilding From The Roots

AMURT trains rural communities to make more productive and more sustainable use of their land through agro-forestry.

Midwives

Saving

Lives

AMURT is establishing a village network of midwives in isolated Oudalan Province to provide women with good health, safe births and strong babies.

Building Children's Futures

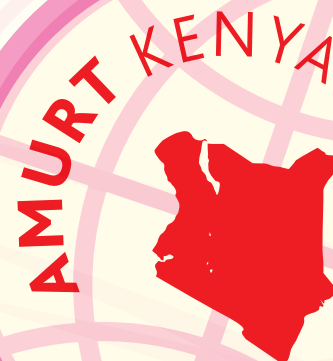

AMURTEL provides a home and education for abandoned children throughout Mongolia, and integrates them back into mainstream society.

The Right To Clean Water

AMURT has assisted 20 villages in Adidome District to build and run piped water supply systems, bringing clean water to the village for the first time.

Promoting Healthy Lifestyles

AMURT provides community-based HIV/AIDS services to people throughout Kenya, ranging from prevention education to caring for orphans and vulnerable children.

Opportunities For Positive Living

AMURT helps young people infected or affected by HIV lead meaningful lives by providing vocational training and job opportunities throughout Kenya.
